RE: Susie Wilsher

I contribute this unsolicited letter to all who may be considering Susie Wilsher C.P.N.C. as a Maternity Nurse. I have known Susie Wilsher since 1995 when she was serving on an international engagement. I have since had the privilege to visit with Susie Wilsher and her family on many occasions in the United Kingdom.

Susie Wilsher is highly experienced in her profession, and has many past clients who have all shared their thoughts. I want to add that she is also a person of great moral character, possessing a remarkable grasp of world events, and someone that any family can embrace and quickly love and cherish. Without any hesitation or reservation, I recommend Susie Wilsher as a top choice for any family looking for a Maternity Nurse. She will become your favorite.

Sincerely,

LARRY C WALLACE
